**Investigators on the scene. Criminal Investigations Division Units have prioritized this case to ensure those responsible are brought to justice as quickly**

**as our investigation allows us. Additional tactical and undercover units will be in the area sweeping for possible suspects.**

**Anyone with information please call 305-471- TIPS. You can remain anonymous.**

I have identified several night time burglaries in the Center Grove that might be related to offender BM Larry Mathis – he was arrested in the incident on Grand Av on 11/12, we are following up with our investigative units to attempt to connect him to other burglaries in the area. In addition, Zone 4 continues to be our “Hot area” and we will be addressing those concerns in the coming days.

### **Crime Watch at Work**

On 11/15/13 at 4 AM units responded to the area of 3000 Center St in response to a call from a neighbor that noticed an male jumping his neighbors fence. Units set up a perimeter and were able to apprehend the burglar. Investigation revealed that BM Freddie Morgan had been observed in the parking lot checking doors to several motor vehicles before he jumped into the backyard of the private residence. The apprehension of this repeat offender was made possible by the call of a resident willing to make a difference when he saw something that was truly out of place.

A busy week that offered great results and placed two very serious offenders behind bars.
